

TB-3™

With agronomic and bio-chemistry advances, the benefits of growth hormones for maximizing plant performance have been seen throughout agriculture.

TB-3 brings these same advantages to sports field turf and professional sod producers in a package that also includes vital nutrients for growth.

As a tool for finishing, **TB-3** will prepare your turf for the rigors of the playing season, or for harvest. Color, plant strength and resistance to stress are all enhanced with **TB-3**, helping give your turfgrass its look before and after a high wear or high stress event.

Benefits

- ✔ An ideal nutritional solution for “finishing” turfgrass before harvest or heavy wear
- ✔ Suppresses growth while enhancing root development and mass
- ✔ Maximizes turf color
- ✔ Chelated nutrients with Active Carbon Complex
- ✔ Enhances plant’s resistance to stresses
- ✔ Retards senescence
- ✔ Will not corrode application equipment
- ✔ Highly soluble

TB-3™

Professional Sod and Sports Turf Formula

Guaranteed Analysis 12-0-0

Total Nitrogen (N)	12.00% Urea Nitrogen*	12.00%
Available Phosphorus (P₂O₅)		0.00%
Soluble Potassium (K₂O)		0.00%
Sulfur (S)	4.00% Combined Sulfur (S)	4.00%
Copper (Cu)	0.10% Water Soluble Copper (Cu)	0.10%
Iron (Fe)	6.00% Water Soluble Iron (Fe)	6.00%
Manganese (Mn)	0.50% Chelated Manganese (Mn)	1.00%
Zinc (Zn)	0.10% Chelated Zinc (Zn)	0.25%

*12.0% Urea Nitrogen stabilized with Dicyandiamide and N-(n-butyl) Thiophosphoric Triamide.

Derived from: Urea, Copper Sulfate, Ferrous Sulfate, Manganese Citrate and Zinc Citrate.

2.5 Gallons (9.46L)

TB3 is a proprietary formulation of essential turf nutrients with Organic acids, Cytokinin, Kinetin, Gibberellic, Indole3 and Auxins. Designed as a turf finishing tool for: Maximum Color; Stimulating new root growth and root mass; Stress resistance and retarding senescence; Cell division, differentiation and cell enlargement; Increases fertilizer efficiency

APPLICATION RECOMMENDATIONS:

TB-3 is a direct foliar fertilizer application. It may be tank mixed with other fertilizers or agricultural chemicals after conducting a jar test for compatibility. Always treat a small test area with any experimental blends to determine potential phytotoxicity before making general applications.

TURF: Apply 2 Quarts per acre as a finishing tool. Formulated for color and rooting in sod production and sports fields.

TREES and ORNAMENTALS: Apply 2-4 quarts in 100 gallons of water for drench or foliar application.

NOTICE TO BUYER:

This product is intended for uses as a professional plant food only. Users must exercise all due professional judgment and caution when applying the product under their own particular growing conditions.

Limitations of Warranty and Liability:

Gulf Coast Organic and any other seller, warrants only that this product conforms to the chemical description on the product label. No other warranty, express or implied, as to the merchantability, fitness for a particular use, or otherwise shall apply. Purchaser's exclusive remedy for loss or damage related to the purchase and/or use of this product shall be limited to the refund of the purchase price only. By using this product, you are deemed to have accepted the terms of this notice.
